2010 OPENING & SERVICE CONTRACT

OPENINGS

Drain & Chemical Wash

Remove pool cover, clean and store at customer's home. Drain all water out of pool and chemical wash (This includes up to 10 gallons of acid). Set up pool equipment, test pump, and put heater and filter into proper operational mode. Clean skimmers and tile, hose off deck; setup lights, return fittings, skimmer baskets, filter basket and Polaris® (where applicable). Start pool filling, customer will notify office when pool is filled, at which time we will return and start up pool. Start up includes, balancing of water and adding start up chemicals (additional charge for any necessary chemicals).....**\$825.00**

Vacuum

Same service as above except instead of pool being drained and chemical washed, the pool is vacuumed to waste, and only a few feet of water is taken out. If possible we will start the pool the same day.....**\$680.00**

Attached Spa

Spa will be drained and chemical washed (if needed). All of the return fittings will be installed, tile will be cleaned, and controls will be set up and made ready for use..... **\$190.00**
